

Kia ora,

■ **Thank you for your school's participation in the whataboutme.nz survey.**

You'll find details of dates and times in the email this document is attached to.

On the day we will be bringing with us tablet devices. These will be handed to the young people participating with everything set up for them to enter and complete the survey. They also have options to opt out if they so wish.

We will also bring with us Wifi Routers and Modems. These will be used to connect the tablets to the internet.

In the unlikely scenario that we experience connectivity issues through our Wifi, it may require access to your school wifi. While we're confident this will not be necessary we are preparing for every possible eventuality.

So that we are as prepared as possible on the day, please would you email to us the password for your school wifi.

Our team will be equipped to connect our routers to your wifi and run the session from there.

In preparation we would also be grateful if you would please whitelist the URL

stg.asktomm.com

You'll find details of dates and times in the email this document. Following the survey, results of your schools' students responses to the 'what about me' questions will be available to you in an aggregated and anonymised reporting format. You will access the reporting portal through a TOMM login.

TOMM support will contact you by email regarding the setup of your TOMM logins and provide you with instructions to access the report.

Thank you once again for taking part in the largest survey of young people in Aotearoa's history. We look forward to sharing the results with you.
